- Judging
 - The judging panel discuss and rank the finalists using nominator, nominee and referee statements
 - The judging panel agree on a winner of each category
 - Each category winner is then considered by the judging panel to determine who will be named overall WA Nurse/Midwife of the Year

Assessment Process for Lifetime Achievement Honour

- Nominees remain anonymous
- Unsuccessful nominees are not announced and should never know they were nominated
- An independent research officer investigates and collects evidence from the nominator and referees provided in the nomination for an independent advisory body to assess
- The WA Nursing and Midwifery Lifetime Achievement Council (the Council) meets to consider all nominations and make recommendations to the WA Minister for Health

Assessment Process for Lifetime Achievement Honour

- The Council consists of members from across Australia and includes senior nurses and midwives, respected business leaders and members of the community
- The degree and value of the contribution of service, rather than length of service, is the primary focus of consideration
- After assessing the nominations the Council recommends a list of recipients to the WA Minister for Health for approval
- Successful recipients to the Lifetime Achievement Honour Roll are advised of their nomination
